

# ENVIRONMENTAL POLICY

We acknowledge our part in protecting the natural habitat of the planet.

## OUR AIM IS TO:

- ◆ Seek ways of minimising the impact of our business on the Earth's resources
- ◆ Make use of alternative resources or materials that have least impact on our environment

## WE ENDEAVOUR TO ENSURE THAT OUR OPERATIONS:

- ◆ Comply with U.K. environmental regulations
- ◆ Conserve energy and prevent pollution

## WE WILL DO THIS BY:

- ◆ Putting environmental management into our business operations and decision-making
- ◆ Measuring and reviewing our environmental successes to our own objectives and targets
- ◆ Promoting the benefits of sound environmental practices with our supply chain
- ◆ Seeking to use materials efficiently to minimise waste and promote re-cycling wherever possible in all our operations
- ◆ Reducing, wherever practical, the level of harmful emissions within our business, especially from our vehicles and any other equipment under our direct control
