

# THE WORLD'S FIRST CARBON NEUTRAL GLOVE RANGE

Best in class in hand protection, certified carbon neutral.

At Traffi we're here to help you achieve your sustainability goals and objectives.

Our carbon neutral story just for you

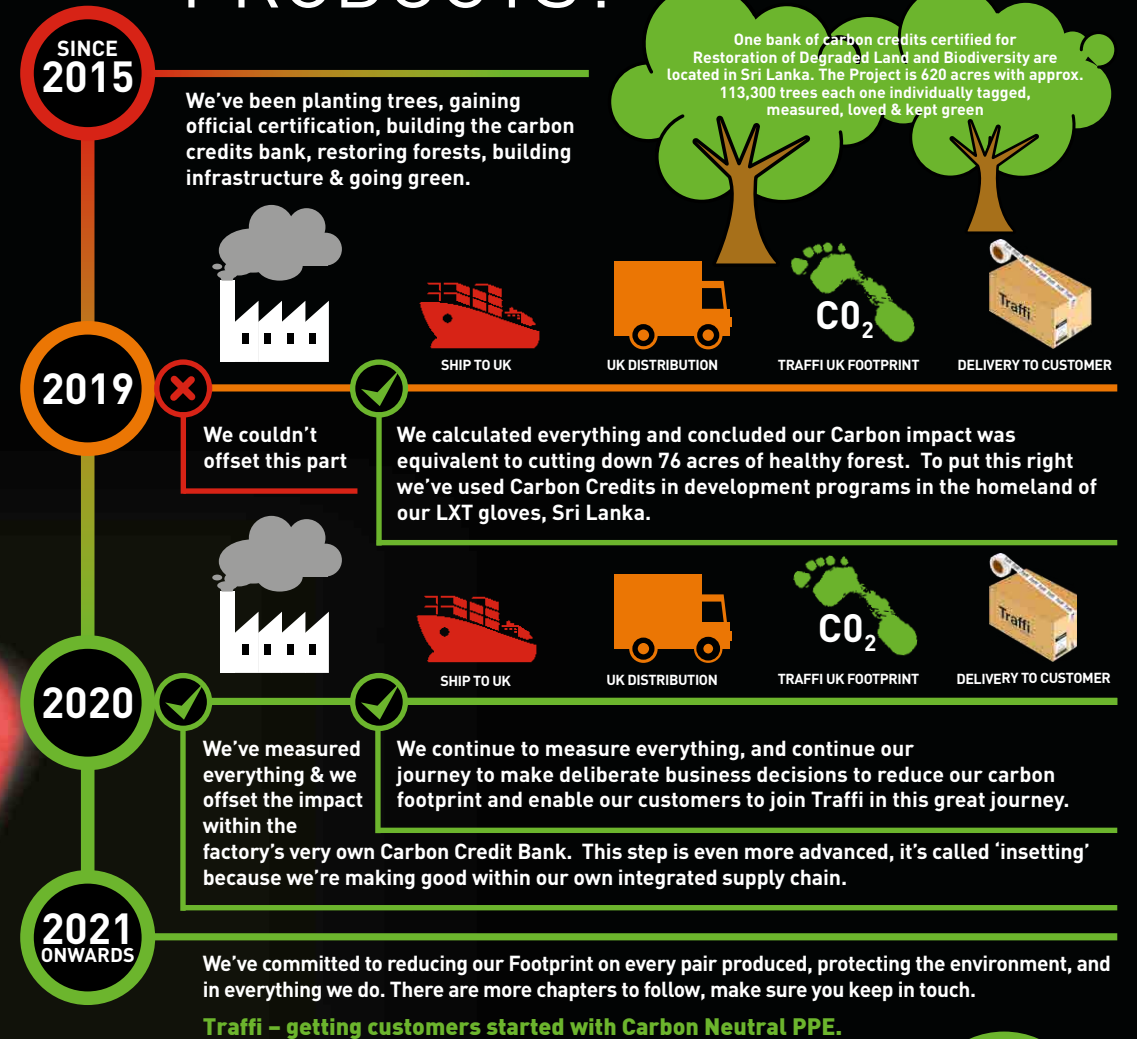

The LXT range has a net zero carbon footprint. This covers raw material, knitting, manufacturing, shipping to the UK and on to the customer delivery point.

## WHAT DOES THIS MEAN FOR YOU?

- 1) Traffi can deliver LXT gloves to your site/location with a net zero carbon footprint covering both product and delivery
- 2) When our corporate clients come to calculate their own business upstream carbon footprint, we've already taken care of the hand protection
- 3) The Traffi journey also delivers sustainability through reducing waste to landfill, and extending the product lifecycle, thus reducing cost. LXT is truly best in class for comfort and dexterity
