TPU Scuff Cap
Slip Resistant to SR
Antistatic, Ladder Grip
Reflective Effects

DESIGNED FOR COMFORT:

Comfort Mesh Lining and Comfort Footbed
Waterproof Membrane Lining

Get ready for work.

PROTECTION & COMFORT

METAL-FREE, WATERPROOF BOOT WITH INTERNAL METATARSAL PROTECTION

BX-AL100 METATARSAL SAFETY BOOT

REFLECTIVE EFFECTS

Reflective panels help improve workforce safety in dark environments

BLACK SMOOTH WATER RESISTANT LEATHER

Durable, comfortable and easy to clean and maintain

HARD-WEARING DUAL DENSITY PU/HRO RUBBER SOLE

Slip Resistant to the SR rating and Antistatic, a popular hard-wearing rubber sole with those working in a number of different sectors

COMFORT FOOTBED

Designed to maximise comfort for the wearer

WATERPROOF MEMBRANE LINING

The fully-waterproof lining will keep the wearer comfortable and dry in demanding weather conditions

PADDED TONGUE WITH INTERNAL 'PORON XRD' METATARSAL PROTECTION TO 100 JOULES

Flexible under normal conditions, Poron® XRD foam instantly hardens on any sudden high impact - creating a protective shield that absorbs the impact, and yet remains comfortable and non-restrictive as it returns to its resting state

TPU SCUFF CAP

TPU scuff cap provides additional protection against wear and tear, especially for wearers who may crouch / kneel to carry out their work

200 JOULES COMPOSITE TOE CAP

This composite material absorbs impact, protecting the wearer better than steel, which can dent inwards on impact. Lighter weight than steel. Better insulation

STYLE CODE: BX-AL200

AIRLITE GATWICK DIAL LACE TRAINER

Metal-Free, Water Resistant, Comfortable Fabric Safety Shoe

SPECIFICATION

SIZE:

UK Size 3 (36) to 13 (48)

STANDARD:

S3S SR FO

OUTER SOLE:

Hard-wearing Dual Density, Shock Absorbent,
Anti-Static, Anti-Slip EVA/Rubber Sole,
Fuel and Oil Resistant

TOE CAP:

200 Joule Metal-Free Toe Cap

UPPER MATERIAL:

Water Resistant Riptek Textile

DESIGNED FOR SAFETY:

S3S Approved Protection
Slip Resistant to SR, Ladder Grip
Electrostatic Discharge
Hi-vis piping around the heel

DESIGNED FOR CONVENIENCE:

Dial Lace system means the shoe can quickly
be taken on and off. Perfect if regularly going
through airport security

Get ready for work.

PROTECTION & COMFORT

METAL-FREE, COMFORT & CONVENIENCE

BX-AL200 WATER RESISTANT RIPTEK TEXTILE TRAINER

COMFORT PADDED TONGUE

Adds a layer of cushioning that improves the feel of the shoe against the foot

DIAL LACE SYSTEM

Dial Lace System means shoes can be quickly taken on and off.

ELECTROSTATIC DISCHARGE

Prevents the build-up of static electricity in the wearer's body, which could otherwise discharge suddenly and damage sensitive electronic components

WIDER FIT

Designed for ultimate comfort to prevent fatigue

HARD-WEARING DUAL DENSITY EVA/RUBBER SOLE

Slip Resistant to SR rating, antistatic, fuel and oil resistant. Dual density, shock absorbent

200 JOULES COMPOSITE TOE CAP

This composite material absorbs impact, protecting the wearer better than steel, which can dent inwards on impact. Lighter weight than steel. Better insulation

STYLE CODE: BX-AL300

AIRLITE HEATHROW DIAL LACE HIKER

Metal-Free, Waterproof, Comfortable Fabric Hiker Boots

SPECIFICATION

SIZE:

UK Size 3 (36) to 13 (48)

SCUFF RESISTANT

Material is scuff resistant and easily cleanable

With over half a million workplace injuries in the UK each year, and foot injuries being a contributing factor, it is essential for employers and employees to make informed decisions about footwear protection.

Foot injuries, in particular, can be costly, often resulting in claims worth several thousand pounds, along with many hidden and uninsured costs.

Don't wait for an injury to highlight the need for better foot protection—prevent it at minimal cost with Airlite boots!

Exclusively designed and supplied by HeathBrook, this footwear range demonstrates our commitment to meeting the challenges of working in public environments with specific safety and security demands.

Specifically designed to meet the demanding requirements of airport environments.
