WHATEVER THE WEATHER

**WE HAVE A
WORKWEAR SOLUTION**

COME WIND, RAIN OR SHINE
ANY SUMMER PLANNING NEEDS TO CONSIDER....

- Which roles are most exposed to sun, heat, wind and rain?
- Which teams move between indoor, vehicle and outdoor environments?
- Are garments breathable enough?
- Are waterproof layers easy to access when conditions change quickly?
- Do employees have footwear suitable for wet, hot and long-shift conditions?
- Are hi-vis requirements still met when layers are added or removed?
